

Mohd Altamash

I am Altamash, a dedicated third-year student majoring in Computer Engineering at Zakir Husain College of Engineering and Technology, Aligarh Muslim University (AMU). Throughout my academic journey, I have honed my skills and knowledge in various aspects of computer engineering, including software development, hardware design, and system analysis. I am passionate about staying updated with the latest advancements in technology and leveraging my education to contribute meaningfully to the field.

Education

2021-2025

B.Tech Computer Engineering

Zakir Husain College of Engineering and Technology Aligarh, UP

2018-2020

Intermediate PCM

Green Field Public School

Skills

- C++ language
- Data Structure and Algorithms
- OOPs
- Web Development
- C programming

Language

English

Hindi

Research Paper on REST API

My current research project is centred on REST APIs, a critical component of modern software systems and web applications. In this research, I am delving into various aspects of RESTful architecture, including the principles of resource-based communication, HTTP methods, and the design of efficient and scalable REST APIs. Furthermore, I am exploring emerging trends and best practices in API security, versioning, and documentation.

Project

Flipkart clone using HTML, CSS & JavaScript

Successfully led the development of Flipkart clone, showcasing advanced e-commerce functionalities. Front-end design, ensuring seamless user experience, and back-end implementation for optimal performance. Proven track record of delivering high-quality, scalable web applications. Successfully led the development of Flipkart clone, showcasing advanced e-commerce functionalities. Front-end design, ensuring seamless user experience, and back-end implementation for optimal performance. Proven track record of delivering high-quality, scalable web applications.
